At precisely seven o'clock..... **His Head came off at seven o'clock**

His Mumma rushed him to de hospi-tal, But doctor said “no cure no pill”

With a chuckle and some regret

Doctor said “Learn to live with it”...**He said “Learn to live with it”**

Now Noah did what you'd expect, Complain to strangers he did not met

At school at home and on TV

Noah complained “why me why me?” ...**He did complain Why me why me**
